

SOCIAL ACCOUNTABILITY SA8000

The SA8000 is a globally recognized social accountability standard related to corporate social responsibility.

Rizzani de Eccher S.p.A., through its business activities, contributes to the creation of the socio-economic conditions necessary for the respect of Human Rights.

Working according to the provisions of the standard contributes to:

- reduce the risks,
- improve company's reputation;
- meet customer needs;
- improve relations with suppliers;
- create better working conditions and a safer working environment;
- provide clear guarantees for purchasing decisions.

SA8000 objectives in business management:

- promote health and safety of the workplace, improving integration with ISO 45001;
- grant freedom of association and the right to collective bargaining;
- combat child labour, forced labour, discrimination and disciplinary practices not provided for in Article 7 of the Workers' Statute;
- enforce working hours and retribution criteria.
